President

The regular meeting of the Lincoln County Fair Board was called to order by President, Mike Booker. The minutes were read by the secretary, with one correction, the judges who judge the animals also will judge the posters and educational material.

Bob Brooks was a guest at the meeting. He has a newer glass and stainless display case for sale. A motion was made and seconded to purchase the display case for \$100, payable in January, 1983. Motion carried.

Jerry Gorden was also a guest at the meeting. He reported that the FFA kids were pleased with the fair this year. With some encouragement, there could be more participation. The fair is in dire need of bleachers. It sure would be helpful if the FFA teachers would make bleachers one of their projects for 1983. We need approximately 8 sets or more. Jerry is going to get in touch with the other FFA teachers and report back to us at the next board meeting. He also discussed the fact that Lincoln County is a major wheat producing county and there should be more grain projects entered in the Fair. Maybe if there was more offered or a special award given, we would get more participation. We could possibly contact the Lincoln County Wheat Growers and get them to award a special award.
